**Subject : Subpoena of court proceeding audio in 12LA178**

Dear Mr Talarico,

Per our earlier phone conversation I am sending this email approving all subpoena's necessary to obtain the court administrators actual audio recording of every court proceeding in case number 12LA178 before they are destroyed like the original clerks file.

I want to get this done quickly because there is no telling when they will be destroyed.

We know they exist because the court administrators created the transcripts from them in February of 2022.

Thank you,

Paul
