Alphonse,

I told you over the phone exactly what we were going to do and that is what was done. There was no mailing of anything which since last night has been multiple times over and over and over and over stating it was emailed, not mailed. You have the proof of service filed with the court stating exactly that it was emailed, not mailed. You either accept that or not. I will not keep going over in circles with you. Any future filings, please find another provider. I told you on the phone we selected in the system, it does not show for me when we talked yesterday so in an abundance of caution we did the **EMAIL**. Now the computer program sending status sent said mail which concerned you, we have clarified that with you multiple times but you still want to keep arguing that point. The multiple explanations and patience with you going over and over and over the same subject should have resolved that for you, especially with the proof of service again showing **EMAIL**. Any further going over this same subject with the same results will not be answered anymore and our work here is done. Now if you want us to submit a new notice with updated dates and get it through again, send it over and we will do that at no charge, but that will be the last filing from JPL on your behalf.

I am sorry that you failed to investigate what was filed and currently on the McHenry County Clerk's site as the only "Notice of Appeal" which clearly states 1 b. By: An Approved electronic filing service provider. (EFSP)

Therefore I can be considered to have made a false statement on the form which is considered perjury.

It is now time to have JPL Process Service to take responsible for filing the Notice of Appeal as it is currently listed on the Clerk's web site as "served on Flynn using an EFSP Provider" and two emails stating the correction was done my mail.

Mailing was discussed in writing and verbally . I said and wrote do not serve by mail.

**HAVE A NICE DAY!**

I am sorry you chose to ignore the second email your office sent that is not automatically generated.(you have been copied on both emails stating service by mail)

In the future shall I ignore "the automated emails" "and the not-automated emails" and call to speak with someone who can correctly confirm necessary information?

I understand what was sent out to you Alphonse, it is an auto generated email that does not state email, but mail service. We sent you a conformed copy of the proof of service which clearly states EMAIL. Look at the CONFORMED COPY of the proof Alphonse.
