This draft covers the key points that I feel are necessary to appeal the decision of Judge Otto for letting Olsen out of the case.

In about 2 days I'll be sending out a draft of an ADR Systems of America Amended Complaint. It is based on the same ideas covered in the Olsen Appeal draft. The two documents will be consistent and will be consistent with the Baudin Answer and with the upcoming Allstate Answer.

Also, I have a complete ARDC Complaint against Clinton and Williams ready to send out. I'm just missing a few exhibits. We can hand it over to the ARDC as soon as early next week after the two of you read it and make additions or corrections. I will hold off sending it out for now.

Enjoy.
